Highly motivated and passionate backend developer with a strong foundation in web development, seeking an opportunity to apply my skills and contribute to innovative projects. I recently completed the immersive 5-month backend bootcamp program by Re:Coded, where I gained hands-on experience and in-depth knowledge of backend technologies such as JavaScript, Node.js, Express.js, DBMS like MongoDB, Mongoose, APIs, and more.

EXPERIENCE

JAN 2014 – PRESENT

ONLINE TECHNICAL SUPPORT, FREELANCE

- Provided remote technical support to users, offering assistance through phone calls and IP-remote software.
- Addressed user-related and technical problems, ensuring that software and systems function optimally.

2009 – PRESENT

TECHNICAL SUPPORT, FREELANCE

- Adeptly resolved software issues on a variety of digital devices, including computers.
- Demonstrated strong problem-solving skills and a track record of consistently successful issue resolution.

EDUCATION

OCT 2020 – PRESENT

BACHELOR OF SCIENCE, SOFTWARE ENGINEERING

Altinbas University

MARCH 2023 – AUGUST 2023

BACK-END DEVELOPMENT INTERNSHIP

Re:Coded

SKILLS

- Backend Development
- Express.js
- JavaScript
- Database Management Systems (DBMS)
- Nodejs
- Mongoose

ACTIVITIES

I have a strong commitment to empowering individuals to make the most of technology. Specifically, I volunteer to assist blind individuals by installing screen reader software like NVDA and Jaws, ensuring they can use digital devices effectively. Additionally, I provide support for general technology use and troubleshooting, including assisting with software updates and resolving login issues.
