Student Life

"As a student from India studying human resources at Nipissing, I have found the staff and faculty to be very warm, welcoming and accommodating to my needs. Nipissing is a multicultural community and I'm proud to be a part of it."

- Suni

"The people here at Nipissing University were so warm and welcoming that I did not even miss my home. They made the transition so very easy for me and my friends. Also the students services here at Nipissing University are so good that I can get help on any topic I need. All you need to do is just ask. I did not know much about Nipissing when I got into it, but now I know for sure that this is one of of the best decisions I have made in my life."
