## Design Projects

### Cracon - UX/UI designer
*Feb 2023 - Apr 2023*
Cracon is a peer-to-peer e-commerce platform for handcrafted goods that provides a seamless shopping experience for customers and addresses challenges faced by sellers.
- During my collaborative project with 4 designers, I had the opportunity to expand my knowledge by learning how to conduct user research and usability testing. Additionally, I was able to explore new design trends and styles, enhancing my skills in the field of UX/UI design.

### Whispy - UX designer
*Dec 2022 - Feb 2023*
Whispy is a mental health app for online students that includes a unique donation system to provide free access to those on a budget.
- Working on this collaborative project with 4 talented designers allowed me to discover new prototyping tools and gained experience with user testing, which was an incredible experience.
