University of Arkansas at Fort Smith using 3D printers to make face shields

by Talk Business & Politics | Thursday, April 9th 2020

We collect, box, label, and load more than 100,000 pieces of PPE including gloves, masks, and gowns to send to hospitals.

"We're very excited to be able to help," said UAFS. "We've seen a lot on the news about the lack of PPE for health care professionals, so anything we can do to help and to alleviate that threat, we were happy to do."

UAFS Mathematics Department
